

IFACCA membership contributions

The International Federation of Arts Councils and Culture Agencies (IFACCA), the global network of national arts funding bodies, is funded by membership contributions, grants from foundations, and sponsorships. There are two categories of IFACCA membership: national and affiliate.

National members are national arts councils or government agencies (including ministries of culture) whose primary role it is to support the arts and culture through funding and/or promotion. The table over lists the annual membership contributions for each country. All contributions are expressed in Australian dollars (AUD).

How are member contributions calculated? The IFACCA board has set a sliding range of contributions based on the United Nations (UN) Scale of Assessments 2006-07. The annual contribution is your country's UN Scale multiplied by AUD20,000 and rounded. There is a contribution ceiling of AUD100,000 and a contribution floor of AUD100. Annual contributions are for a calendar year (1 January to 30 December).

Under IFACCA's 'lower fee paying policy'¹, organisations whose annual fee is below AUD1,000 are asked to pay three years' membership at a time.

Agencies interested in national membership should contact the IFACCA secretariat at info@ifacca.org. The board realises that some members' budgets do not reflect their nation's UN Scale and that the set contribution may be too high. In exceptional circumstances, the board will consider proposals for an alternative or lesser contribution.

Affiliate members are organisations or individuals committed to public support for the arts including international, national or sub-national arts support or service agencies, public or private cultural foundations or arts endowments, and individuals or institutions (public or private) involved in promotion, policy or research about arts and culture. More information, including affiliate membership application forms, can be found at www.ifacca.org/memberships/become_a_member.html
