

## Suggested membership contributions 2004

The International Federation of Arts Councils and Culture Agencies (IFACCA), the first global network of national arts funding bodies, is funded by membership contributions, grants from foundations, and sponsorships. In 2002-03 the Federation's expenditure was around \$AUD300,000.

There are two categories of IFACCA membership: national and affiliate.

### National membership

The table over the page lists suggested contributions for IFACCA's national members for 2004. National members are defined as 'national arts councils or government agencies whose primary role it is to support the arts and culture through funding and/or promotion.' National members have voting rights and are required to make appropriate financial contributions to support the Federation.

*How did the board calculate member contributions?* In late 2000, the interim board approved a budget to establish the Federation with a small secretariat and website. To achieve this budget, the board set a sliding range of contributions for 2001 based on the United Nations (UN) Scale of Assessments. This amount, in USD, remained constant for 2002 and 2003. Due to the unpredictability created by exchange rate fluctuations, the board has decided that membership contributions from 1 January 2004 should be expressed in Australian dollars (AUD). Although slight variations in the amounts will be apparent compared with 2002 and 2003, the 2004 contributions are almost identical to the amounts set in 2001.

*What is your contribution?* The annual contribution is your country's UN Scale multiplied by \$AUD20,000 and rounded. The Board has introduced a contribution ceiling of \$AUD100,000 and a contribution floor of \$AUD100. The contribution covers 1 January to 30 December.

*What if you want to contribute more?* In several cases, members have offered to contribute more than the UN Scale figure. The board is hopeful that others might wish to follow this lead.

*What if the contribution is too high?* The board realises that some arts council budgets do not reflect their nation's UN Scale and that the set contribution may be unrealistically high. In this case, the board invites proposals for a lesser contribution.

Information on Affiliate membership is on page 4. More information on membership can be found at [www.ifacca.org](http://www.ifacca.org).

## Affiliate Membership

Affiliate members are:

- 1. Organisations** committed to public support for the arts, including public or private institutions involved in advocacy, policy or research about arts and culture, and public or private arts funders, foundations and endowments; and
- 2. Individual** professionals with expertise relevant to IFACCA's objectives who are *not* employed by or involved with an organisation that could reasonably be expected to be an 'organisational' affiliate.

IFACCA has five categories of affiliate membership, as set out below. Fees are quoted in Australian dollars (AUD). Benefactors are encouraged to improve on the amount suggested. Conversely, if supporting information is provided, the board will consider applications under the reduced fee category on a case-by-case basis.

Membership category	AUD fee 2004
Benefactor	2,000 (suggestion only)
Government body	1,000
Non-government body	500
Individual	200
Reduced fee	100
